We do play together contrary to that statement. I do not mean to instigate anything, but we do. I even play Minecraft with Astonish when I have time, and Astonish semi-rarely posts in the subforum. In fact you were banned for quite a while so I don't know if you are even aware of what is going on.

Dolan. - February 1, 2013, 4:31 pm

I like how you're taking it out on all members of Respawn when you're the one who was banned and therefore broke the rules.

We do.

You might not have done so, but we're not to blame for your lack of participation.

Hmmm you played with one person out of 40?

Please leave the thread if you don't meet the requirements?

Not sure why this useless post was here?

Not sure why you're criticizing my generosity.

It my contest I can run it how I please.

Now please leave if you don't meet the requirements, which you do not.

The last part of what you wrote isn't a proper sentence.

Please leave if you don't meet the requirements.

No sense posting on a thread when what you're posting has no benefit.

Stop trying to get your post count up please :)

Technically it's about 5 or 6 people out of the I'd roughly say 12-14 who play on the PC. Since we were all playing together.

I don't have to leave the thread either, as I can place my opinion on such a topic. There's no need to be childish if you were removed.

Explain to me how I am being childish?

I'm confused.

That is being childish. I get that it is your contest, which you can run however you wish. Though doing something like that is quite immature in my opinion.

I don't see your point?

People hosts contest for Leets and Ubers very often.

Im hosting mine for Non Respawn members?

I don't see a problem other than the simple fact the you're upset because you didn't meet the requirements.

I am not upset, why would I be upset? I don't need XBL because I'm selling my Xbox. However I will now leave your contest thread, because I do not wish to instigate anything.

I was unaware that three posts (That aren't repetitive) are considered spamming.. Oh and thanks for the Xbox Live code.

Paran?rmal - February 1, 2013, 6:17 pm

Just pointing this out.

--

1. This is a giveaway, not a fight thread.

To all respawn members, people who are not aloud to have their own opinion. Just because OP isn't in it doesn't mean you should gang-rep him.

I do agree that OP shouldn't say all that about the group in the OP.

Doesn't matter, we can have our opinions, leave him alone.

If any number is still available can i please enter? Thanks in advance regardless!
