Hi graphic masters :)

I need a new avatar for my profile; but i wish to have a particular avatar, so look at here:

I would prefer it if animate

It should be about Crysis nanosuit

This below would be perfect.. but should be resized

if you need ideas

simply look for "avatar" on crysis official website

i know that maybe i'm asking too for a free service, but i hope that somebody 'll help me.
thanks.

Here's my go at it, don't know if it the correct size. Tell me if it's wrong.

Hope you like it.

How's this, just use url don't upload to HF to avoid size restriction.
