Thread: [Download Multiple Files with progress\(ListView\)](#)

ytlayol - February 11, 2013, 6:58 am

just slammed it together real quick for "magmotar" and decided to share it with you guys.

Download Source: <https://puu.sh/20TRh>

Credits to Nathan72389 for the nListView

magmotar - February 11, 2013, 7:02 am

Thank You were much

Good idea to share with everyone

MrShox - February 11, 2013, 7:18 am

Thank you, I was looking for something like this.

log dot zip - February 11, 2013, 8:02 am

Nice as always. I'll definently be downloading this.

4RG0S - February 11, 2013, 8:09 am

Looks nice, will give it a try :) Thank you.

C3ol - February 11, 2013, 8:44 am

his class little buggy and ur code too

g i n d d i k

Pendalum - February 11, 2013, 8:56 am

Does this use a lot of webrequests I am guess or what ?

Good share too!

ytlayol - February 11, 2013, 10:29 am

g i n d d i k yeah i know that nathan's class is a lil buggy....n i just wrote an example(a POC,a way) and i don't recommend using my code its buggy without any error handling..

Bird Is The Word - February 11, 2013, 1:35 pm

Wow, nice adding the progressbars to the listview.

Foursenal - February 11, 2013, 2:28 pm

Thank you! Going to learn from this.

OneTXxL - February 11, 2013, 4:31 pm

Looks nice, good code Thank you. . . . :)

Foursenal - February 11, 2013, 6:10 pm

Loyalty, can you show me how to remove a listview item when it reaches 100%?
Thanks in advance.

P.S. Works perfectly.

ProfitCoder - February 11, 2013, 6:20 pm

Thanks ;)
Nice share,
Will be usefull

C3ol - February 12, 2013, 3:44 am

to handle the download complete and remove

Merovingian - February 12, 2013, 4:11 am

Thanks, this will come in handy I'm sure

Foursenal - February 12, 2013, 5:40 am

(Feb 12, 2013 04:44 AM)C3ol Wrote: [\[CITE\]](#) to handle the download complete and remove

Now you're just sharing your own code.

C3ol - February 12, 2013, 5:58 am

u need to edit his code cuz his example dont handle it

Prestigio - February 12, 2013, 6:52 am

Thanks for this source, i need implement y vb6.

God work.

432 - February 12, 2013, 7:39 am

You should using multi threading, more properties and Appearance.
Good Luck

Yui Asuna - February 12, 2013, 8:27 am

Thanks for the source ! I need to learn how Listview works.

C3ol - February 12, 2013, 9:05 am

(Feb 12, 2013 08:39 AM)432 Wrote: [\[CITE\]](#) Here another sample by me :)

Low GIF Quality
