Server Name : Exstalus

Version : 317 loading 684

Forum Header Example: Imageshack - 15237121.png

Here's something someone did for me, it's badass and I want to keep the text, but add a little more UMPH to it.

Same dimensions as the example given.

Support Signature:

Be creative, kinda like the forum header same text, just add that UMPH.

Background: Be creative, base it off the rest of the work obviously, but make it stand out.

Dimensions are:

768 x 507

Note: DO NOT FOLLOW THE EXAMPLE.

I was just giving you an idea of something that looked alright.

This is for a runescape private server.

I'm really just looking for creativity and something that is eye candy, give it your best shot if you don't like the examples given, I'm sure I'll be suprised.

I would prefer all but the background to be transparent.
