Thread: [Free Crypts ? Scantime FUD ? 0/35 FUD ? Persistance ? High Quality ?](#)

Sane™ - February 21, 2013, 3:44 pm

I will give you a FUD crypt, 0/35 scantime + runtime FUD on 1 condition.

I get to bind my server.

This is a free service, and if you don't want it binded, click my signature for a paid service.

i have 2 question this is free? and how much time my virus will be fud 2 week?

Sane™ - February 21, 2013, 6:45 pm

Yes it is free, and it will be FUD for 2-3 weeks unless you are stupid and scan it on distributing sites.

Twinked - February 21, 2013, 7:34 pm

Sent you a pm, interested in the service.
