Thread: [SMTP server for Advanced Mailer](#)

panthyhacker - February 23, 2013, 7:11 pm

I'm actually not going to be sending giant amounts of mails, but the same thing you'd use for spam would do the trick. I think the going rate is about \$10, but post or PM your offer or both

PM is quicker

Thanks cheers

Mouse? - February 23, 2013, 7:29 pm

Couldn't you just use PostCast Server Free? I use it for this.

panthyhacker - February 23, 2013, 8:39 pm

Thank you Roda and I will def check that out!

I should have clarified -- I actually kinda want a HACKED smtp...

eXeSoul™ - February 23, 2013, 10:58 pm

i have some .. pm me your ym or msn..

vendettalogzz - February 25, 2013, 3:59 am

You should have edited your thread...

Asatru - February 28, 2013, 12:32 am

i need this too please pm me sellers

PedroDJ - February 28, 2013, 12:33 am

I need good smtp servers too: thank you :)

cloudz4me - February 28, 2013, 5:58 am

How many emails can be sent?pm me intersted

frankledges - March 20, 2013, 8:26 am

Hey dude, How many emails can it send a day?

vendettalogzz - May 31, 2013, 2:20 am

Postcast Server, still requires and smtp server for mailing??
