which youtube views service you use and recommend?

i need a lot of views for new niches and ready to spend a few bucks for credits.

I have used a fiverr gig and a guy from blackhatworld.

But fiverr gig gave me mobile views that deranked me :-(

Hey nice earnings and all, but you are not allowed to post this kind of threads here. This belongs to bragging rights, or "Survey says", in the worst case.

Kimi Räikkönen - March 4, 2013, 2:46 pm

Okay, thanks for answering all! Does anyone need help?

MyLittlePony - March 4, 2013, 4:23 pm

Very nice job man.

I recommend you donate a bit and get yourself L33t. :P

This thread just got moved here :D Whats wrong now?

FaberCastell - March 5, 2013, 10:19 am

Because threads purpose is obvious. To get people join as your referral. Nothing to do with CPA or surveys.

Puk\$on - March 5, 2013, 10:40 am

Hi, i already got an account but maybe you could still help me?

This^^, doubt you are actually helping people. You are only trying to rack up referrals and have them earn you money. @ anyone reading this joining under his referral doesn't increase your chances at all to be accepted.
