Thanks for the share mate.
Pretty much interesting.

sonex - March 4, 2013, 4:55 am

This is indeed nice share but I'd be carefull with free scripts. The best bet is to actually pay a coder to code one for your website.

chandu141 - March 4, 2013, 5:02 am

what can i do with this can any one tell pls :P

mic141414 - June 8, 2013, 7:23 am

Emoclaw - November 6, 2013, 12:41 pm

Apparently the script is Copyright-protected and the author reported the Mediafire link.
I'd like to check it out though, upload it somewhere else.

Thacloser - November 6, 2013, 1:39 pm

Any chance you'd put this on another file host so we could check it out?

ShareCashScript is the best one imo. Don't use this free stuff until you've scoured every part of code inside of it.

LubiePlacuchy - December 17, 2013, 1:25 am

Thanks for sharing dude :) I'm looking forward to use it.

TRkratosX - December 17, 2013, 10:01 am

The key you provided for file access was invalid. This is usually caused because the file is no longer stored on MediaFire. This occurs when the file is removed by the originating user or MediaFire.

Please provide a new link ! I'm really looking forward to this!

seven666 - December 18, 2013, 11:12 pm
