Pomf =3

Back on topic, I have never seen traps outside of manga made specifically for people that "enjoy" traps. I wouldn't watch something because it had traps (being if traps were the main "appeal" of a specific anime or manga), but I guess if one showed up (and it worked with the story?) it would be fine (not the sexualization of it, but I would imagine it could potentially work in serious situations). (I'm not very "educated" on the topic lol ^_^)

I guess I will put "I don't mind" ?

Traps, Jesus, AA introduced me to traps and my first experience was just horrible (Bridget to be exact). Spoiler ([Click to View](#))

But now after seeing soo many series and hanging around with some of you guys I've come to just accept it as part of the whole anime deal so I'd have to say "I don't mind traps".

I'm back

I don't mind traps.

As long as Asuna doesn't whip out a shlong all is well.

Personally I dislike them due to the bringing about of a graphic guy on guy scene coming up (nothing against gay's) I don't mind the type of relationship in anime also I don't mind cross-dressing but when they whip it out with that massive censor on the screen I'm done.

OT: Don't mind them. Don't really prefer them, but they don't bother me.
Was expecting more trolls.

Lonephenom™ - *March 4, 2013, 11:33 pm*

I just don't like having a penis on my date.
