Thread: [\[Help\] Never got email from File Ice](#)

ImDays - March 4, 2013, 4:40 pm

I applied for File Ice last week on Friday and I never got an email to activate my application.

I have checked my Spam folder and I sent an email to there support team later that night and I never got a reply.

Do you know any reason why this may be?

Proof of application:

Try with a different mail or join Filefire.
