Thread: [?Gamebattles Free Wins & low MLG Rank Shop?](#)

tkeller93 - March 9, 2013, 10:20 am

So I have decided instead of just selling accounts with 20-0 records, I am just going to make it easier and open up a Free Wins Shop. I have been doing the 20-0 accounts for about two months now and none of the accounts have ever been banned. This is because I have two VPN programs I pay for so that I can use 100+ different IPs. Also, the two programs change their sets of IPs monthly so it is virtual impossible to get caught by GB unless I make it very obvious. The prices are listed below. Also, I will give away 5 different 20-0 accounts or 10 free wins to get this vouched.

## Gamebattle's Free Wins Shop

10 wins = \$5.00

20 wins = \$9.00

20+ wins = add \$4 for every 10 wins, or \$2 for every 5 wins above 20

Unranked to Below 100k = \$2.50

Unranked to Below 50k = \$6.00

Unranked to below 10k = \$12.00

Unranked to below 1k = \$25.00

UPDATE: I had to increase the prices of the MLG rank boosting since it is extremely time consuming. Prices are somewhat negotiable and I also take trades if it is something I could use.

If you have an account that is already ranked and you would like it to be a lower rank, contact me and we will discuss a price that is fair based on the rank that you already are and the rank that you want.

I currently have some low ranked accounts for sale as well. I will sell them at a fair price. If you are interested in just buying an account that has 100% legit wins and win/loss records, send me a PM. I am unsure of the prices I will be selling them for, so I will probably let you know all the accounts and let you bid on those you may want.

Terms of Service: I will go first only for trusted members, or if I think you are trustworthy. If, for some reason, your account gets banned, I will give one of my accounts that is close to the rank you were before.

If you are interested in free wins/boosting your MLG rank down, just send me a PM and we will discuss doing it tomorrow. Thank you for all the business today everyone, and I look forward to getting some more tomorrow!

I am now selling my 300th ranked GB account. I do not really play GB anymore, and I have not used this account for a while now. And, it is just sitting here getting wasted. If you are interested, PM me, I will show you proof. Serious offers only.

**tkeller93** - March 13, 2013, 11:16 am

I apologize to all I have current deals with that I am still working on, this includes both wins and views, my system had crashed. I am back and able to continue, will contact those few I still haven't completed business with shortly. Sorry for the inconvenience.

**Z?zz** - March 13, 2013, 12:03 pm

Even if someone gets banned, as long as it's the first time (I think) it will only be a suspension.

**tkeller93** - March 13, 2013, 12:28 pm

If you get banned for free wins, it is a month ban. But, along with that month, your stats ALL get

reset. After that month, you can take the GTs off the account and put them on a new account. I was an admin for Madden 13, I know the rules of GB extremely well. Therefore, I can cheat their system like no other :)

If you're talking about MLG rank being reset, it doesn't. Otherwise I don't think people really care about the other stats since most people choose to hide them on their profile.

**tkeller93** - March 13, 2013, 1:18 pm

okay, let me give your account free wins, then report you for free wins, get you banned and see what happens.

Or I can tell you from experience I received no MLG rank reset whatsoever. Apart from the rank increasing over the space of time I was banned, it was pretty much the same.

Because the chances are you're just another one of those people that claim to be an admin or ex-admin. Mine and a mates accounts both got banned, neither of our ranks are reset.

Not even going to pay attention to the first sentence. But, you clearly were not banned for free wins. You were either banned for disputing a match on purpose without valid proof, or submitting fake proof. Both are one month bans, but your rank will not be reset.

Banned for giving/receiving free wins. Maybe they've changed the rules but this wasn't that long ago.

**tkeller93** - March 14, 2013, 9:17 am

The resetting of ranks was implemented sometime in December (I believe.) About 90% of accounts that get/have been caught since then will eventually going to have the rank reset. It isn't always reset when the ban is issue, it may take some time. I have also seen where rank has been reset until right before the account gets unbanned and the user gets the account back.

**Toreno** - March 14, 2013, 11:14 am

yooo did you finish making the accounts?

**tkeller93** - March 14, 2013, 11:18 am

Yes I finished what I had to so that I can help all of my customers when I get home. If you didn't see my message on Skype, I let all customers know that Gamebattles kept crashing and I didn't have time to deal with it crashing in the process of giving free wins. It would just make the process more difficult, longer, and frustrating. So I will be working on all accounts tonight. Go and figure when I fix

my hardware problem that set me back two days, the site crashes and makes it unable to work. Will skype/PM you when I get home.

@Se7enX, I have sent you proof of me working on your account.

@Mentalist, just contacted you on Skype. maybe we will be able to finish up sometime tomorrow.

@.Void, just because we stopped talking doesn't mean I am not legit. Paid customers get their work done first. And I do not sit here 24/7 doing this. I will be on Skype in 10 minutes to talk to you.

Warning to all, I do not appreciate being spammed and my legitimacy being questions. Also, do not question my legitimacy or how long something is taking if you have not paid for anything. Once you have paid, you can question me. As I said above, paid customers get their work done first. As, that is how all businesses do their work.

Today was pretty much an off day for me. I have me Networking Certification Test tomorrow so I have been studying ALL day. I will be on Skype throughout the day tomorrow and I will be on Skype and working on accounts from 4 EST until I go to bed.

**tkeller93** - March 19, 2013, 6:59 am

To all those wondering why I have not been working on your accounts, I have not been working on anyone's the past 2 or 3 days. I have a lot of personal shit to do, so I have to put accounts on hold at the moment. I anticipate that I will be able to get a little work done tonight and will have them all finished up for this weekend. I will PM each and everyone of you that I am currently working with when I get the chance.

**Acroz** - March 19, 2013, 2:06 pm

My account did not receive its full 1k and was banned. Explanation?

**tkeller93** - March 20, 2013, 5:58 am

This is currently his brother typing this. He is unable to work on accounts as I put in the previous post. When he comes back home and is able to work, I assure you he will contact everyone and explain everything to them.

**tkeller93** - October 21, 2013, 4:28 pm

I will be starting this service back up this weekend. I apologize to all who have not received what they had paid for. I truly was not intending on scamming anyone or trying to take advantage of anyone. I went through some problems that I don't really want to explain, nor do I need to. And, now that I have all of it cleared up and don't have any more issues keeping me from doing whatever I please, there will be no issues this time. The problems that occurred were completely unrelated to this service.

If you can provide proof that the service(s) you PAID for were never completed, I will finish/start and complete those services before I do any others. Since I don't want people just saying "Oh, well I paid for this and never got it." when they never paid for anything, I am going to either require Skype messages, messages on here, or some other type of proof of communication or proof of payment.

Also, I will be giving away some "vouch copy" wins just to show that I am actually starting this service again.

Lastly, my previous customer service was lacking since I didn't actually have the time to do this service and I jumped the gun on it. I now have my brother working with me on this and it will be smooth sailing from here on out.

Again, I apologize to everyone who thinks they got "scammed." That was never my intention, and I would like nothing more than to do right by you and give you the services you paid for/requested.

My skype is tkeller93. As I said though, I will be starting the service up this weekend as I am swamped with other things atm. But, if I find time to give you a few wins during the week, I will PM you or message you if you add me on skype.

**Blood2c** - October 21, 2013, 10:10 pm

Yes, you can have some "vouch wins." I will PM you either this week if I have time, or this weekend when I'm ready to start the service full time.

Clearly you did not read my post apologizing to everyone. Also, I said I want to do right by everyone who believes I scammed them. It was never my intentions to scam anybody. Go to the previous page and read that post please. As they say, "Life is what happens when you're busy making other plans."

Definitely. I am also going to speak to you more about the referral thing as I am planning on some type of referral promotion once business is going well and if the demand is high enough to make it worth it for both parties.

**tkeller93** - October 23, 2013, 4:04 pm

I may be able to start the service tomorrow night rather than this weekend as I'm getting a lot fewer what I need to done faster than I expected. Will contact all those I have already spoken with if that is the case.

I re-opened the MLG rank boosting part of the shop, but I had to increase some of the prices as it takes quite a long time to do it to where the account won't get banned. Hopefully the slight increase in price doesn't deter buyers. If it does, I will drop them back down.

**D?AKE** - November 24, 2013, 3:43 pm

Illl buy 10 singles wins pm me please

(Mar 9, 2013 11:20 AM)tkeller93 Wrote: [\[CITE\]](#) So I have decided instead of just selling accounts with 20-0 records, I am just going to make it easier and open up a Free Wins Shop. I have been doing the 20-0 accounts for about two months now and none of the accounts have ever been

banned. This is because I have two VPN programs I pay for so that I can use 100+ different IPs. Also, the two programs change their sets of IPs monthly so it is virtual impossible to get caught by GB unless I make it very obvious. The prices are listed below. Also, I will give away 5 different 20-0 accounts or 10 free wins to get this vouched.

### Gamebattle's Free Wins Shop

10 wins = \$5.00

20 wins = \$9.00

20+ wins = add \$4 for every 10 wins, or \$2 for every 5 wins above 20

Unranked to Below 100k = \$2.50

Unranked to Below 50k = \$6.00

Unranked to below 10k = \$12.00

Unranked to below 1k = \$25.00

UPDATE: I had to increase the prices of the MLG rank boosting since it is extremely time consuming. Prices are somewhat negotiable and I also take trades if it is something I could use.

If you have an account that is already ranked and you would like it to be a lower rank, contact me and we will discuss a price that is fair based on the rank that you already are and the rank that you want.

I currently have some low ranked accounts for sale as well. I will sell them at a fair price. If you are interested in just buying an account that has 100% legit wins and win/loss records, send me a PM. I am unsure of the prices I will be selling them for, so I will probably let you know all the accounts and let you bid on those you may want.

Terms of Service: I will go first only for trusted members, or if I think you are trustworthy. If, for some reason, your account gets banned, I will give one of my accounts that is close to the rank you were before.
