Thread: [\[Free\] DDOS Service.](#)

?I???po?N? - March 10, 2013, 3:45 pm

Just PM / Put the link below and when i'm online ill DDOS it, i ddos with a booter of 5gbs and another of 3gbs so 8gbs ;)

Yurt - March 10, 2013, 3:46 pm

nice service of you, good luck op!
ps ddos google ?

xuzhe32wu - March 10, 2013, 3:48 pm

<http://l2eoa.com/> ddos this website please

?I???po?N? - March 10, 2013, 4:37 pm

First DDOS:

ATM running another ddos after that i will run that one and after that i'm going to sleep :\$

Arbitrage - March 10, 2013, 4:49 pm

Do you take home networks for your DDOS services?

?I???po?N? - March 10, 2013, 4:58 pm

(Mar 10, 2013 04:49 PM)Clarkeboi Wrote: [\[CITE\]](#) Do you take home networks for your DDOS services?

Haha i use

Booter + Slaves = Huge ATTACK :)

Vicellus Drum - March 10, 2013, 5:00 pm

Take down Spoiler [\(Click to View\)](#)<http://www.tinychat.com>

(I've tried with multiple times more power than 8gbps, and dropped it - now they have new servers, and it won't lag)

?I???po?N? - March 10, 2013, 5:02 pm

I don't think it is strong enough to bring that down :\$

(Mar 10, 2013 05:02 PM)Mr XBL Troll Wrote: [\[CITE\]](#) I think he meant do you take down Home Connections to other then Websites... For this DDoS service you are doing.

i do both :)

idc if it is a home connection or a website :P

rajjak24 - March 10, 2013, 6:27 pm

This one please :D <http://theoldhamacademynorth.com>

Abhy - March 10, 2013, 6:30 pm

Try this one <http://projecthax.com/> .. Not sure if its possible , they use cloud flare .

jonah3272 - March 10, 2013, 6:32 pm

99.2.194.0

this please, he deserves it

?I???po?N? - March 10, 2013, 11:54 pm

Woow got like 12 new pms about ip's i got 2 boot :\$

i'm really bussy atm, so i can't boot them all because of school etc :S

Ill ddos all new ip's this afternoon.

wallstreet25 - March 21, 2013, 4:23 pm

kixsquare.com

IP Address 50.63.202.2

Hostname ip-50-63-202-2.ip.secureserver.net

?I???po?N? - March 21, 2013, 4:26 pm

I've stopped this service because of 2 much requests, sorry.

[IMG]<http://www5.picturepush.com/photo/a/12474453/640/12474453.jpg>[IMG]

Okay last one, after this i stop with the service ;)

Rexikon - March 21, 2013, 5:35 pm

Make down this ip: 178.217.187.211 you can do it on poer 9987

Thanks in advance ;)

Teeto - March 21, 2013, 6:15 pm

DDos this please <3 72.225.232.20 Thanks in advance.

Myrexie - March 21, 2013, 9:37 pm

Ddos this webitse plz

Gaming-gods.dk

Michelangel? - March 21, 2013, 9:56 pm

take down <http://tryhardgamerz.enjin.com/> please and thank you

Cherry. - March 22, 2013, 1:12 pm

Nice DDoS Service man! Legit.

#Wanoxcide

jisaacs - March 22, 2013, 2:37 pm

Could you please try Spoiler ([Click to View](#))144.76.45.113 It is a minecraft server on port 25565

Crying Blood - March 22, 2013, 3:37 pm

can you try take down donedeal.ie

probaly wont suceed but please try any ways mate thanks.

MissAriel - March 23, 2013, 12:06 am

Can you please hit " 99.249.46.51 " Thanks

profiokx - March 23, 2013, 12:08 am

host(ip) = 46.28.203.196 port 80, try it out, its a 10gbps protected small WoW Server :)

Wilderness - March 23, 2013, 1:07 am

<http://indiaincrs.com>

Thanks in advance, buddy.

?I???po?N? - March 23, 2013, 1:36 am

I've stopped with this service sorry, it's very annoying because i already said this before i still get

like 5 PM's a day, can a ADMIN close this?

Thanks in advance!
