The user bar would look clean if the logo on the left went on the bottom stretched out and Guardians on top of that.

I will be giving this a try in the morning.

Seer - March 12, 2013, 12:18 am

Good luck Morchid and Platinum with the group. Hopefully a dope userbar comes for you guys.

Lil Winslo - March 12, 2013, 2:43 am

I gave it another shot, added the gloss effect, changed the font, etc.

+Awesome - March 12, 2013, 3:21 am

I made this for Empire long ago, but was never accepted, so I made it for Guardians with a different color...Could be any color anyway.

It is animated with the shine element.

Good luck finding the one!

Miki - March 12, 2013, 3:22 am

I want to see some awesome graphics, might apply if you guys have recruitment threads.

CyanideRS - March 12, 2013, 1:26 pm

I kept coming up with things then scrapping them because I thought they weren't good enough last night. I'll try again this evening.
