Thread: [\[FREE\] Get 1000+ Instagram Followers | 1000+ Likes On All Your Instagram Photos!](#)

OptiMuppet - March 11, 2013, 11:51 pm

Hey everyone!

I recently wrote a Guide on how to get 1000+ Instagram Followers and 1000+ Likes on all of your photos on there.

This is a very detailed Guide which includes a lot of screen shots to help you throughout the process, so please do show some appreciation as to leave some feedback or other ways you may find suitable, thanks.

I released this Guide yesterday on a different Forum, but here it is for you guys as well:

Just follow the Steps listed below and you will be on your way to gaining the load.

Step 1: Get on your phone and make a new account for Instagram (this is required), this will act as a FAKE account in this process.

Step 2: Once you have created the Account, go to your profile and add a Profile Picture, then edit your Bio (has to be over 5 characters), once you've done that take 5 random photos with it.

Now we are ready for the main part of this Guide.

Step 3: Go to <http://www.instahoot.com>

Step 4: Click on the 'New User? Register Here' button.

[IMG]<http://img22.imageshack.us/img22/1888/61936468.png>[/IMG]

Step 5: Once the new page loads, click 'How to get Authentication URL'.

[IMG]<http://img12.imageshack.us/img12/9990/86478662.png>[/IMG]

Step 6: Scroll down and click on the 'Click Here' link, that will log you out of any Instagrams account you may be logged in on the browser, now close that tab.

[IMG]<http://img593.imageshack.us/img593/3983/62303252.png>[/IMG]

Step 7: Once that is complete, click on the 'Authorize Instahoot' button.

[IMG]<http://img90.imageshack.us/img90/4519/81024399.png>[/IMG]

Step 8: This will pop up, just click OK and it will open a new tab.

[IMG]<http://img89.imageshack.us/img89/994/53337965.png>[/IMG]

Step 9: Now, sign in with the FAKE account you made earlier.

[IMG]<http://img688.imageshack.us/img688/7236/71481856.png>[/IMG]

Step 10: Click on the 'Authorize' button.

[IMG]<http://img833.imageshack.us/img833/1926/35211398.png>[/IMG]

Step 11: Copy the address on the address bar that shows up, now close the tab, then go paste it in the 'Authentication URL' box and press 'Submit'.

[IMG]<http://img545.imageshack.us/img545/425/25430574.png>[/IMG]

[IMG]<http://img811.imageshack.us/img811/2176/46921321.png>[/IMG]

Step 12: It will ask you if it's a FAKE account, press 'Yes'.

[IMG]<http://img152.imageshack.us/img152/4148/65545175.png>[/IMG]

Now we have to register an Instahoot Account.

Step 13: Choose a Username and Password, then type in your REAL Instagram account Username (the one you want likes on) in the third box and click 'Submit'.

[IMG]<http://img29.imageshack.us/img29/7564/44175477.png>[/IMG]

It will take a little while (10-30 Seconds) to register.

Step 14: Once that is completed, Click 'Return'.

Hooray, it's about time to get them likes and followers. ;)

Step 15: Now login to your Instahoot account we just created, once logged in, click 'Return'.

[IMG]<http://img715.imageshack.us/img715/3185/79759213.png>[/IMG]

To Get Likes: Scroll down and Press 'Instalike Photo!' on the photo you want likes on, it will take a few seconds to add all the likes, it will then go back to the same page where you can 'Instalike' all your photos and any new ones to come.

[IMG]<http://img259.imageshack.us/img259/579/81139825.png>[/IMG]

NOTE

You will only receive 200 - 250 likes on each photo, but you can 'Instalike' on the same photos every 24 hours, if you keep doing this you'll reach 1000+ likes on all your photos in a few days time!

To Get Followers: Press the 'Follow Me' button and it will add around 80-150 followers in a few seconds and will return back to the page.

[IMG]<http://img842.imageshack.us/img842/6343/36230738.png>[/IMG]

You can use the 'Follow Me' feature once every 24 hours, if you keep at it, you will reach 1000+ Followers in a no time.

Enjoy the likes and followers everyone!

You can only get 200 likes a day and you cant get followers :(but thanks any way for the 200 like gramhoot.

StarUhm - September 1, 2013, 12:48 pm

This is a great site i used it at the beginning of using instagram and vouch its 1000% true and i only used it about 5 times and have gotten so popular! :)

Ni Haoz - September 6, 2013, 4:43 am

Definitely came in handy.

If you like to look legit or just dont feel ethical using this for all 200 likes, i would do 10-30 like intervals throughout the week.
