OP isn't replying on Skype after I sent payment... It's been about 40 minutes...

TrueKings - March 14, 2013, 4:38 pm

OP did not reply after payment sent. Luckily payment was paypal and can easily be charged back.
Do not pay him in any type of currency that can not be charged back because he is most likely a scammer.

TrueKings - March 16, 2013, 4:33 pm

Seller replies when a dispute is filed. He provides a fake virtual tracking number, and cannot spell to save his life.

Quantum2 - March 18, 2013, 10:42 am

Sent Skype request, but this seems a bit fishy ...

Chloë Grace - March 19, 2013, 5:28 pm

DO NOT deal with this user. I decided to give him a shot and see once and for all, he took my \$50 Hawken code and blocked me on Skype.

He is 100% a scammer, DO NOT (I repeat, DO NOT) deal with this user under any circumstance.
