Features

[Link](#)

High Performance "Mid-Tower" for gamers and enthusiasts.

Solidly constructed - The chassis is solidly constructed by 0.6mm SECC Japanese steel .

Unique and Attractive Internal Color Combination - Not only the chassis is beautifully finished in All Black (both interior and exterior), the PCI covers, MB Plate, Removable HDD cage and screw-less kits are high-lighted in Blue (Syclone II Black) or Red (Syclone II Red) colors to make the case UNIQUE and stands out from the others.

High-End Graphic Card Support (up to 400mm) - Supports Longer high-end VGA cards up to 280mm. The Middle HDD Cage is removable Once the middle HDD cage is removed the chassis can support VGA cards up to 400mm.

High Expandability - Supports 4 x 5.25" external devices, 6 x 3.5" HDDs (internal) and 1 x 3.5" external device (with the converter) such as a Floppy drive or a Card Reader.

Ease of Installation - New "Easy-Install" screw-less kits are included for the 5.25" devices and HDDs. The HDD cage is also rotated 90 degrees for easy installation of HDDs.

Easy Access Top I/O Ports - 2 x USBs, Audio/Mic (AC 97 + HD audio) and E-SATA ports are located on the top panel for easy access.

Smart Cable Management - "Cable routing is pre-drilled on the MB so users can hide cables behind the MB tray. The pre-drilledholes are also protected by top quality rubber to prevent cuts or damages to the cable from sharp edges".

Dust Protection - Includes removable bottom PSU dust filters to prevent dust entering your computer.

Mesh PCI cover - Includes Blue (Syclone II Black) or Red Metal Mesh PCI covers (Syclone II Red) for better ventilation.

Bottom PSU position - the bottom PSU location enables PSUs to suck in cold air and provide better air flow for your system.

Water-cooling Support - water-cooling holes are pre-drilled to support water-cooling systems.

Easy Cooler Assembly - CPU hole is pre-drilled on the MB plate for simple cooler assembly and removable.

Transparent Side Window with the option to install 1 x 12cm or 14cm fans !!

I have done tons of giveaways including:

PayPal

VPN

XBOX Codes

I also actively assist in Education Nation and the Java section.

I even donate my time to teach other members programming.

I have provided a legitimate exchange service off and on. I have made many successful deals here.

I also have helped many members in emotional turmoil.

Personal comment: i am actually building my own computer this summer. Having a case would dictate the components I use, so it would be great for giving me some direction. Thanks for considering me.:

Contribution on HF: You may check my threads.

Personal comment: I really hope I get this. Honestly, my laptops are shit. My first one randomly turns off. My second one was reformatted so nothing is on it. My third one turns off as soon as you take out the charger, so in black outs it automatically turns off. I really need this computer, I'm getting really irritated with my current ones. I hope I win :)

Contribution on HF: I'm a bit of a RATER and I've helped around 3 people setting up their RAT. :)

I'm also active in the anime selection helping people with recomendations and such..

And yes, I do not have much REP but yeh... I've never gotten a negative tough. :)

Personal comment: I am very interested in this, my computer is at it's limit and this would really be a great start.

I think it will also give me a push to try and build my own pc because I've never done that before.

Anyways, thanks a whole lot for this contest. It's guys like you that make HF a great place.

Contribution on HF:

My posts on HF are rarely LQ and contain proper grammar.

I have a wide variety of skills and I enjoy helping others.

Next to that I am a social person, you can have fun with me, and I love meeting new people.

From time to time I do giveaways or small contests whenever I have something to share.

When people need help and I know a way, I help them out, even people with less then 20 posts.

Personal comment: May the best contestant win :).
