Thread: [Rage booter autobuy source?](#)

mrchris53471 - March 17, 2013, 12:00 pm

does anybody know how to add a autobuy feature to a booter, i am currently using fibre/fagbooter source and it does not have autobuy.

thank you

Some Skid - March 17, 2013, 1:00 pm

No offense.. But if you can't code, you shouldn't try to create a booter in the first place.

First of all, it is Fibre v1 source. Second, I released the fully working version a while.

haha thanks man :) i dont know much bout auto buy also

DoSerzx - March 18, 2013, 6:14 pm

il help you with php with autobuy give me site info il help you bud but may i have an account on booter pm

Zap~ - March 18, 2013, 6:45 pm

<50 posts and -rep... I personally wouldn't trust with server information, but it's your call.

Mountains - July 24, 2013, 10:07 pm

all you do is go to order.php and change it from fagbooter.net to ur domain name

Dashiznit12369 - September 17, 2013, 9:25 pm

What is this involving? Lol I'm Confused

No one will do this for free. Learn to do it yourself. Or pay someone to do this. I can do this for a price.

Sm1th???? - September 21, 2013, 1:03 pm

I have some code laying around for auto-buy. I can implement it for you.
