More Ultimate Team Feedback than anyone else on eBay, Sold more guides than anyone else on eBay

Instead of spending £5 on Fifa Points, Spend NOTHING on this guide & you'll never spend any real money on FIFA again!

Using this guide I made 22 million coins on FIFA 12 & have made 11.1 million coins on FIFA 13 so far

780 FIFA 13 (Version 4.0) guides sold, 2 complaints = less than 0.25% had a problem with the guide

Updated Daily so you'll always have the most current version when you buy!

If you have any questions don't hesitate to contact me and i'll get back to you usually within the hour

Why buy my guide

My guide contains lots of additional information about the market, actual advice from a top trader in addition to many fantastic methods which will make you lots of coins in double quick time. This guide is like an encyclopedia for FIFA Ultimate Team and no other guide is as detailed as mine. Each method contains a quick step by step explanation followed by a detailed summary of how to perfect each method with extra tips added to help you even further. It doesn't stop there though, on top of these great methods you will also learn lots of different techniques to give you the edge on competitors. No-one else will provide you with my level of service and knowledge of Ultimate Team.

Think of all those gold packs you've spent real money on, £5? £10? £100? when NOTHING you could learn how to make millions for yourself and never spend a penny on FIFA again.

If you want a 2 page document containing the 59th minute method go and buy one of the 99p

guides but if you want a quality, well written, bells and whistles guide then this is the one to have.

Basics: What this guide does
