Thread: [\[CD\] Collection of Tutorials on CD!](#)

Shumala - March 19, 2013, 12:12 pm

Hello Hackforums!

This is my first post, I hope you will like it!

Since I know that people here like to have tutorials on a PDF, I found a CD which includes PDF's. THIS IS NOT A PAID CONTENT AND DOWNLOADABLE ON THE INTERNET. ALL CREDITS GO TO THE MAKER OF THIS CD!

REMEMBER: This is NOT a CD with video's on how to hack. Also, this content is for educational purposes only!!

I post this here because most links on the internet are broken, downloading this content is your own responsibility.

The 3 CDs include:

CD 1:

1. Introduction to Information Security & Ethical Hacking
2. Basics of Networking (Tutorial for beginners)
3. Introduction
4. Hacker Vs Cracker
5. Ethical Hacking
6. Precautions
7. Current Cyber Threats
8. Desktop and Server Security
9. Windows Security
10. Hacking into Windows XP, NT
11. SAM (Security Accounts Manager)
12. Registries
13. Counter Measures
14. Linux Security
15. Hacking into Linux
16. Keyloggers - Hardware & Software
17. Anti Keyloggers
18. Trojans or Remote Administration Tools
19. Spywares
20. Viruses and Worms Introduction
21. Classification of Viruses and Worms
22. Examples of Viruses and Worms
23. Countermeasures
24. Anti Virus
25. LAN Security
26. Threats to LAN
27. Countermeasures

28. Network and File Sharing
29. Firewalls
30. Anti Virus
31. Anti Spywares
32. Network Scanners
33. Introduction to Firewalls
34. Working of a Firewall
35. Types of Firewalls
36. Packet Filters
37. Proxy Gateways
38. Network Address Translation
39. Intrusion Detection
40. Logging
41. Network Tools and Commands (Tutorial)
42. TCP/IP Commands
43. ARP Command
44. Trace route Command
45. Netstat Command
46. Finger Command
47. Ping Command
48. Nbtstat Command
49. Ipconfig Command
50. Telnet Command
-

CD 2:

1. Internet Security
2. IP Addresses
3. Finding an IP Address
4. Through Instant Messaging Software
5. Through Internet Relay Chat
6. Through Website
7. Through Email Headers
8. Through Message Board Postings
9. Proxies Servers
10. Transparent Proxies
11. Anonymous Proxies
12. Distorting Proxies
13. Elite Proxies
14. Free Proxy Servers
15. Analysis of Email Headers
16. Yahoo Email
17. Google Email
18. SSL (Secure Sockets Layer)
19. IP Spoofing
20. Information Gathering for a Remote System
21. Daemon Grabbing
22. Port Scanning
23. ICMP Messages
24. Banner Grabbing
25. Sockets
26. Detection of TCP Port Scan TCP SYN Scanning

27. Detection of SYN Scans
28. SYN/ACK Scanning
29. Detection of SYN/ACK Port Scan
30. TCP FIN Scanning
31. TCP XMAS tree scanning
32. ACK Scanning
33. UDP Ports
34. Utility
35. Fingerprinting
36. OS Fingerprinting
37. Remote OS Fingerprinting
38. Attacking the System
39. Nontechnical Attacks
40. Network Infrastructure Attacks
41. Operating System Attacks
42. Technical Attacks
43. Denial of Services attacks (DOS Attacks)
44. Threat from Sniffing and Key Logging
45. Trojan Attacks
46. HTTP Request Smuggling g
47. IP Spoofing
48. Cross site scripting (XSS)
49. Buffer Overflows
50. Format Bugs
51. SQL Injection s
52. Input Validation
53. Viruses & Worms
54. Spy Ware Software
55. Password Cracking
56. All other types of Attacks
57. Password Cracking
58. Password Guessing
59. Dictionary Based Attacks
60. Brute-Force Attacks
61. Default Passwords
62. Attacks on LOG files
63. Sniffer Attacks
64. Wireless & Bluetooth Security (Tutorial only) (Introduction Only)
65. Penetration Testing
66. Definition
67. Methodology
68. Basic Approaches
69. Google Hacking
70. Terminologies
71. Basic Search Techniques
72. Basic Keyword searching
73. Phrase search
74. + Operator search
75. - Operator search
76. Range search
77. Advanced Search Techniques Site
78. Intitle, allintitle
79. Inurl, allinurl

80. Link .
81. Phonebook
82. Rphonebook
83. Bphonebook
84. Daterange
85. Cache
86. Filetype .
87. Robots.txt

--

CD 3:

1. Encryption & Cryptography (Introduction Only)
2. Introduction to Cryptography
3. Private Key Encryption
4. Public Key Encryption
5. DES Algorithm
6. RSA Algorithm
7. Hash Functions
8. MD5 HASH algorithm
9. Digital Signatures
10. Encryptorsetup
11. Computer Forensics (Introduction Only)
12. Introduction to Forensics
13. Digital Evidence
14. Requirements for Forensics
15. Steps taken in Forensics investigation
16. Acquisition
17. Identification
18. Evaluation
19. Presentation
20. Forensic Toolkit
21. Steganography and Data Hiding
22. Introduction
23. Digital Watermarking
24. Types of Steganography
25. In band Data Insertion
26. Data Algorithmic
27. Overt based grammar
28. Out-band Data Insertion
29. Overwriting Data Insertion
30. Steganography Tools & Applications
31. Catching Criminals
32. Cyber Terrorism
33. Forms of Cyber Terrorism
34. Factors & Reasons
35. Countermeasures
36. Challenges
37. Honey Pots
38. Definition
39. Research Honey Pots
40. Production Honey Pots
41. Low Involved Honey Pots

42. High Involved Honey Pots
43. Pros & Cons
44. Famous Honey Pots
45. Cyber Laws & IT Act India (Introduction Only)
46. IT Act 2000
47. Domain Name Disputes
48. Definitions and Laws
49. Cyber Crimes & penalties
50. Security Auditing (Introduction Only)
51. Audit Objectives
52. Risk Analysis
53. Auditing Steps
54. Previous Check
55. Planning & Organisation
56. Network Control - Policies / Stds
57. Network Control - Hardware / Software
58. Network Data Standards and Data Access
59. Hardware and Software Backup and Recovery
60. Software Communications
61. Access to Network Operating Systems Software and Facilities
62. Data Encryption and Filtering
63. Internet Applications
64. Password Protection

kyser - March 19, 2013, 1:54 pm

thank you for sharing this I have quite

herrdeutschland - March 19, 2013, 1:54 pm

hey dude i would thank u in advance keep up the good work

j0ca - March 19, 2013, 6:06 pm

Thanks for the share, keep up the good work

Shumala - March 20, 2013, 12:20 pm

Thanks for the comments, glad it helped you!

Thanked - April 11, 2013, 9:24 am

Thanks Mate

Very usefull i often seen threads like this but couldnt download the CD :)

Conch - April 11, 2013, 10:05 am

Thanks man.

Much appreciated :)

Will download them now.

ForceBalance - April 26, 2013, 3:41 pm

Hi Im really interesting to have this. The link doesnt seem to work. Can anyone upload this or send me a working link?

Thanks

tommytommy8282 - April 26, 2013, 5:29 pm

Can anyone confirm if this is a safe download??

EliteTurk - April 26, 2013, 5:52 pm

Very good post! Keep up the good work! :)

vuli - April 27, 2013, 2:10 am

thank you for shraing this. Very nice work.

sam2011hacker - April 27, 2013, 2:22 am

downloading it now, thanks for sharing

naganandaitachi - April 29, 2013, 2:10 pm

Thanks for the share kept for downloading

anonymousA - April 29, 2013, 5:54 pm

you know if i knew how to vouch, i would vouch you then create couple hundreds of other accounts and vouch u again. i have been looking something like this for ages. you are now one of my favourite people on HF

guys what program are you using to run vitrtual cds?

Thanked - May 2, 2013, 2:51 pm

i cannot download

the download always stopps around 39% - 49 %?

Could anybody downlaod and upload again?

and pm me a DL?

thanks in advance?

BlackSource - May 6, 2013, 7:27 am

Thanks for the share.

Im really interesting to have this. ><"

irock82 - May 7, 2013, 4:15 am

I know so much more after this :DDDD

Shumala - June 18, 2013, 8:34 am

I have been away for a while now, and I am back now. I thought my thread would be not visited by now. ;) glad it helped you guys.

pkpok1 - September 15, 2013, 8:21 am

Thanks man.

Much appreciated :)

Will download them now.

HighARc - September 15, 2013, 9:34 am

What is the year on this CD? curious before I download?

IceTimux - September 15, 2013, 10:48 am

Great post OP but I thought it wasn't allowed to post adfly links on the forum...
