Assignment: Poem

Content: 8.5/10

The content he provided was very well written in the time given, but could be a little better.

Price: 8/10

I would say the price is a bit high, but cheaper than most others. He is flexible with his pricing, and I could say this is a plus since everyone is always on a budget.

Time: 10/10

Delivered the assignment on time, actually earlier than the deadline. He is a diligent worker and does not fool around.

Communication: 10/10

He responded to my Skype messages almost immediately. He makes the customers his #1 priority, and who doesn't like that?

Overall: 9.1/10

Hands down the best service I have ever gotten. He provides quality work in a short amount of time. Also, his prices are quite affordable, but could be a bit lower. He shows respect to his customers, if they show respect to him. No doubt, I will definitely be a returning customer.
