Thread: [\[OMEGLE BOT PYTHON\] SPREADER / SPAMMER / TALK \[DIRECT LINK IN THREAD\]](#)

coditor - March 28, 2013, 9:00 am

So my previous thread on the same was junked because of "POST TO PM". Got a warning for that. Apologize to HF for this.

What is this?

Omegle bot written in python.

What can you do?

- > Spread your survey/adfly or advertise your websites.
- > Talk on omegle without using browser.
- > Implement your own tasks, with complete support (SHOULD KNOW BASIC PYTHON)

Requirements:

- > Python 2.7

Cons:

- > Never tested on windows. PM me if you have any problems.
- > Not threaded. You will face problems in direct talking. [Tried to thread, but failed]
- > No GUI yet.

What I need in return?

Feedback or suggestions on any way to improve my coding skills, or just about anything.

Can someone make a .exe of this. I am a skidd.

coditor - April 4, 2013, 12:30 am

It's easy to run this if you have python installed, but you should be able to make exe using py2exe.

Im getting this error

xWomanizer - April 5, 2013, 5:22 am

Give .exe please. I dont really want to download a program just so that I can generate the .exe

coditor - April 7, 2013, 1:07 am

I don't suggest you to use this for general purpose this was made so people will understand the methods to make the bot. You could try yui's omegle spreader if you want a decent omegle spreader. You can find it on here.

Yeah I just fixed a bug in mine, to try reconnecting if the network is unavailable so that the bot continues running uninterrupted and smoothly. Since I cannot update the thread, you could pm me if you want this. Feedbacks and suggestions are welcome.

Im getting this error Are you using python 2.7, since this program will not work on higher versions.

Hexabit - April 25, 2013, 11:06 am

Thanks for sharing your CODE, and not a f***ing .exe :) !

I like people doing this. I was considering coding my own Omegle spreader too, but I think I'll take a look at yours, and maybe do some modifications to enhance it. I'll definitely let you know if I find a way to improve it !

Homothe - April 25, 2013, 11:22 am

What Hexabit Said, thank you for sharing the code

Antioxidants - November 5, 2013, 1:04 pm

Thank you for the fkin source code! :) I'm gonna learn lots from this. <3333

DocPython - December 8, 2015, 4:06 am

i solved, don't worry! :)

getting an error:

SyntaxError: missing pharetesses in call to "print"

Vaxion - March 25, 2016, 1:14 pm

ty!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

DonkeyRider - March 27, 2016, 11:28 am

Thank you so much for sharing code instead of an .exe, you rock.

Bugs Bunny - March 31, 2016, 10:12 am

found at 100% really nice!!
