How much for 1 day spreading ? and how many installs i can get per day ?

Rikazashi - April 1, 2013, 2:56 am

I have ordered and paid \$50 from this seller and have received nothing yet despite promises over it taking 3-5 hours to show results. Now its been alot longer and no communication to say if there is a problem. May be a scam, i will wait and let you know, don't want to make any accusations yet.

Kizz - April 2, 2013, 1:16 pm

The service is still open guys! im online!

exploitking - April 3, 2013, 3:01 am

I would like to see some vouches from UB3R. Sorry but no question of going first with reputation you have. Deal with caution people.

Magic Logs - April 4, 2013, 1:19 pm

Celph - April 4, 2013, 2:18 pm

Celph - April 5, 2013, 4:50 pm

bought 1,000 installs from him last night. he logged off and hasnt been online since. my miner has seen no additional hashrate... starting to think he is a SCAM

Celph - April 6, 2013, 10:56 pm

Apparently OP is doing everything he can to fix my problem... I hope so...

WoundedOutlaw - April 8, 2013, 7:53 am

Very interested in your service, but fear the lack of vouches, low post count, and non-upgraded member. PM me and we can discuss a vouch run. You would be compensated, but you must PM me for details. Get back to me asap. If you want to build up some good business, you have to build a few good bridges.

Darkwin - April 8, 2013, 5:39 pm

Im curious to know why you haven't replied to @Rikazashi

Celph - April 9, 2013, 7:44 pm

He is a scammer. He took my 40 bucks, claimed his paypal account got hacked, and now he hasn't been online.... SCAMMER! I will be opening up a scam thread later this week if he doesn't respond.

F0RBIDD3N - April 9, 2013, 7:49 pm

I also bought \$10 worth installs and he has yet to send any installs.

SWS. - April 9, 2013, 8:44 pm
