Why dont you explain what this is?

jeje76130 - March 27, 2010, 9:11 am

what this is ? pentesting forum tools ?

Etheryte - March 27, 2010, 9:16 am

As far as I recall, Pangolin is an automatic SQL injector or something along those lines.

nivong - April 17, 2010, 2:30 pm

nice PM him but can't PM lol

memcpy - April 17, 2010, 2:56 pm

Please send me a link!

husamothman - October 14, 2010, 5:45 am

can i have the link to download the cracked version? Also, make sure please its not infected/

doneezy - December 16, 2010, 5:07 pm

SQL injection. Useful for various things. If you don't know then just leave it alone. I PM'd you

Living Corpse - March 15, 2011, 7:31 pm

Please post Download link.

gizmodo - March 16, 2011, 12:43 pm

cracked last night? It's been cracked for a long time now. where have you been? i have this tool for almost a year now.

lol, he is right... this sounds phishy... dont download it.

Stenography - March 16, 2011, 1:21 pm

WTF is that ? Can u give us lil bit info about this prog ..?

meskalinas88 - March 16, 2011, 2:53 pm

oh no this link is broken

Xycon - March 16, 2011, 3:05 pm

well durr ... this thread is a year old

nubby ed it up lol

and yes this is an old version ...newer version are easy to find,dont bother asking for a link, its not even worth it

get a new version instead XD
