Thread: [? Primitive's Youtube Subs ? Cheapest On HF ? 100 subs - \\$1 ? BAN PROOF](#)

Primitive - March 30, 2013, 9:52 am

I'm selling Youtube subscribers for the cheap price of \$0.01 USD per sub - meaning 100 subs for \$1, 200 subs for \$2, and so on. The current max amount of subs I'll give per channel is 1000. The subs ARE, in fact, real accounts, however I can't say if they're actually going to watch your videos or not.

To ensure that your channel won't get banned as a result of this service, I'll send you 100-200 subs every day rather than handing all of them to you instantly. I will NOT do any instant orders.

If you're interested, shoot me a PM and we'll work a deal out :) Paypal gift only please.

Thank you! :)

I'll vouch for prim, in the past I bought I think it was 60-80 subs, and they were delivered quickly and cleanly in social-blade statistics.

- Found this new thread by chance, thought id pitch in.
