Thread: [School games blocks LAN connection when running games](#)

Salient_Drive - March 31, 2013, 1:01 pm

My school uses a really good proxy, since i started the academic the year they introduced the updated version of the RM smart cache which blocks everything absolutely everything, my friends and i in the previous years could play any online game with lan, how to bypass?

dont give me answers that say " its impossible" cmon this is HF everyhting possible :)

Das Swag - March 31, 2013, 1:02 pm

Have you tried Hamachi? It might work

Salient_Drive - March 31, 2013, 1:04 pm

what is that? the RM smart chaache blocks lan connection to games if that helps

Das Swag - March 31, 2013, 1:09 pm

<https://secure.logmein.com/products/hamachi/>

The header should tell you, it creates a private Lan over Wan

Salient_Drive - March 31, 2013, 1:17 pm

explain what i need it and what it does

Das Swag - March 31, 2013, 1:19 pm

Allows you to invite people from different houses to a private Lan networking on the internet and it'll act as if you're right next to each other, thus being able to pirate games and play multiplayer over the internet in a private Lan (My words)

You could Google it and read up on it [http://en.wikipedia.org/wiki/Hamachi_\(software\)](http://en.wikipedia.org/wiki/Hamachi_(software))

Salient_Drive - March 31, 2013, 1:29 pm

no your not getting what im trying to say, i play lan connected games at school with friends, school proxy blocks connection how do i bypass

Das Swag - March 31, 2013, 1:39 pm

You don't get how Hamachi works, I'm done trying to help you if you don't want to read up on something.
