The problem is some countries do not have surveys. I suggest you add a vpn thing too so people can get surveys.

JUAN9087™ - March 28, 2010, 12:41 am

Marypays not to offend you - but your way is very bad, you have to download stuff and its alot more complicated way than mine, and your video not to say its bad but it goes very slow your computer, my way is very easier to understand and its much more faster, and i don't even know if your way even works. So if you think my thread is bad don't try to ruin it by putting your way better than mine - NOT to offend you <3

Why is my way bad?? No offence but ur method takes manual work. Mine doesnot, except only once.

Its not that complicated. Only 1 addon install and thats it.

My way ofcourse works. Look at the comments.

I am not putting your thread in bad but my aim is to help people. Mine takes only 1-time work and urs, we have to type it everytime. I am not discouraging your thread but i just found a better way.

Ofcourse no offence. If u want, i wil delete my post.

IT DOESN'T FUCKING WORK ANYMORE.Thank you, i really aprecaite your answer and this guide is very simple to understand, now if you don't understand you would really be bad at english, cause

for me this guide is the most understandable guide i ever made, if you follow all steps i'm pretty sure you will understand it <3.

Anywayz this method dosen't works anymore, btw if you want to download files at \$harecash site, open the \$harecash link at Motzilla Firefox (not Internet explorer) then fill up the survey info and pretty sure your download will start. Otherwise i'm not making any other guide, this guide took me long time to make it and dosen't works anymore, even tho you don't understand the guide well that's not my problem.

Thanks, JUAN9087 -

We people are here to help our HF community by providing best knowledge, so whatever methods you both wrote here , don,t consider it a great deal, by fighting here you are just increasing threads par page, as well as risk to accoun deletion, so don,t abuse each other and what else you can make so that further it will be more comprhensive to understand us ? Thank you

Please don,t fight

as it leads to conflicts as well account deletion,
