Current HF Name: Endloop

HF Profile Link: <https://hackforums.net/member.php?action=profile&uid=880313>

Amount: \$10

The Story:

PM's me wants .7 BTC I replied that I had 0.38690443 left, he then offered \$55 LR via PM. I said sure, add me on Skype...

He then added me...

We went through trading I sent BTC first then he sent \$20 LR, then I sent the rest of BTC and he sends \$25 (should have sent \$35)

So he ripped me off \$10 short and got off quick, PM'ed him last night and he's been on this morning.

May be an honest mistake, but it's \$10. Also, sketchy that he got off quick and I PMed him and he has been on and not replied.

Proof:

1. PM of offering \$50

2. BTC proof of sending

3. Liberty Reserve, only sent \$45

4. Skype and PM's, proof he rushes off.

This user thinks I'm Endloop on a second account just because he used "Nightman" as his LR account name.

Nightman Fighter was a song in "It's always sunny in Philadelphia", love that song :)
