Whut.

I bet you've crypted this with your own binded server.

Gosu - March 28, 2010, 7:33 am

who would want istealer 3 lol.

krazi - March 28, 2010, 7:33 am

I wouldn't trust this, I think istealer 6 is out now this is 3 years old

Maxi32 - March 28, 2010, 7:35 am

Important that they fully encrypted?

Youngrizzly - September 28, 2011, 4:05 pm

And someone tell me why we would want an istealer 3

Mr. Tycoon - September 28, 2011, 4:21 pm

Seems legit. I'll download.

Lolz. /Nothanks

zzZSlashZzz - September 28, 2011, 10:03 pm

I wouldn't trust this... it just seems a little phishy to me :)

I hope you know it's against the rules to grave dig. The thread is a year old.

Stenography - October 2, 2011, 11:54 pm

Probably infected,

Don't even dare to download this shit.

Eagle0 - October 3, 2011, 12:54 am

lol arab noob hacker look at his images hosting site
don't trust that shit

Dont f*cking grave dig idiot.. No one will crypt your keylogger.

youngwitty - February 1, 2012, 8:13 am

These typically only work with Rats right?

ThalIncredible - February 1, 2012, 11:27 am

Thats the worst way to spread ur server.
