Has anyone here watched seasons 1 & 2? What do you guys think?

If you haven't seen it, I'd definitely recommend it.

Eminent - April 6, 2013, 3:32 am

I haven't personally seen it. It looks like a typical harem/ecchi, but the synopsis actually sounds fairly interesting. I'll give this a go later ^.^

Programmargorp - April 6, 2013, 3:34 am

Watched it a week or two back. One of the better haremeccchi animes simply due to the appearance of a coherent plot that actually got somewhere.

As a side note, there is an overemphasis on revealing clothing and tits in general.

I watched this a while back. At first, I thought it was just a regular harem and ecchi anime, but it was more than that. It's different than the ones I've seen before, and I thought it was pretty good for a ecchi anime. I'd recommend also. I enjoyed it a lot and thought that the idea/plot was very interesting.

Disappointed me, not very many shows with boobies falling out everywhere has a good storyline and this had a decent one, surprised they never finished the anime

Yea. Well, the best way to end Sekirei is to kill the director :P

C0bble_St0ner - April 6, 2013, 9:52 pm

Wait, so they aren't making a third season?

Chubaca - April 6, 2013, 10:10 pm

I am actually reading the Manga so I do not plan on watching it anytime soon.

The manga is still going on isnt it?

Racr - June 10, 2013, 12:16 pm

I had no idea it had a second season.

I watched the first season on Netflix when I was just getting into anime, and it was pretty good.

Black Flag - June 11, 2013, 5:10 am

I'm watching it for the plot.

I can't see that image, but I could hear that lie from a mile away.

Some people do actually prefer the plot rather than overemphasized boobs, just like me. I get annoyed if there's too much damned fan service.

I made the mistake of watching it with the English dub. Needless to say, I dropped it like it was hot.
