Vouch for Pintrest, something should be done about this guy. This seems very suspicious and the proof looks legit.

I haven't read the thread, but I'm sure if you read mine you'd realize I'm not a scammer.

I sent Dankery LR for BTC. He must have gotten confused.

Also, notice the transaction times and the IM/Message times.

You guys need to get your shit together, putti me through this when I didn't do shit..

Vouch for my friend Pinterest. Good luck with this dispute.

He's made a new account and has NOT scammed on this account.

Read this thread, <https://hackforums.net/showthread.php?tid=3387185> . This isn't an excuse for you to scam him Pinterest, everyone deserves a second chance.

I get what you're saying but I haven't made a new account. This is my first account on this site. I almost did about a year ago but decided not to, but anyway if anybody wants proof just check out my thread.

And again, the time they had the convo and the time the payments were sent in Dankery's scam thread don't even match.
