Yeah, I'll take your word for it. ^^

Most first eps are kinda meh-ish anyway. Re-introducing things and re-capping the last series always comes first so watchers aren't lost.

BaussHacker - April 6, 2013, 6:55 pm

I expected more of the first episode, but I can't tell where the story is going from this point as it looks like it can go in so many directions! Looking so much forward to next episode! :D

Nathann22 - April 6, 2013, 10:36 pm

I thought nothing was going to change in the start, she's so damn cute.

I sort of wish this was how Kiss x Sis played out.

But I haven't see any incest between Kirino and Kyousuke yet, so that makes it fine. Besides what I've seen on Tumblr, that made it a guilty thing.

Programmargorp - May 12, 2013, 3:30 am

So, I just caught up. Legit epic spoiler below.

Spoiler [\(Click to View\)](#) So, my take on the series

Kyousuke = Sicon Masochist and likes to get hurt by Kirino.

Kirino = Brocon Sadist that likes to hurt Kirino

Kuroneko = Best friends with Kirino, too tsundere to admit it

Ayase = Secretly likes Kyouzuke

Kyousuke's Childhood friend (Cant remember name) = Still likes Kyousuke.

Sayori = I don't actually know.

Overall, this series is basically Kyouusuke's harem.

Yui Hirasawa - May 12, 2013, 6:58 am

I haven't touched since 3rd episode, because I've been so busy.

Can't wait to catchup none-the-less.

My Reaction to Episode 7

Spoiler ([Click to View](#))

Ok so episode 6 ended off with a whaatt? moment and then Kyouusuke being the nice guy he is says "Let me think about it"

So then he gets indirect advice from the other 2 girls in his life to think things through. Then he goes and says yes? What are you doing? Episode 6 was about Kirino getting him to feel what it is like for her being jealous when hes with Kuroneko and Manami, then what does he go and do? Let's actually date Kuroneko so she suffers even more than I did! Yayy!

So basically I was just so pissed because he was just saying how much he cared about his sister and doesnt want her to be with other guys and then he just becomes the most asshole hypocrite he could, like come on man. Put yourself in her shoes.

Spoiler ([Click to View](#)) No that is not the case, the episode wasn't about petty "an eye for an eye, a tooth for a tooth, and a son for a son" bullshit. The previous account of Kirino doing that was to feel her big brothers love, however you are insinuating that it was something at a greater plot to put her brother into a relationship with her, I think, which in turn was blown backwards with Kirinos and Grandmas advice. The whole of it was, Kirino notices Kuronekos feelings and didn't know a when or where but knew a that it was there, in which she who cares for her friend, gave him the advice to think it through, if it actually happened in the near future. Him saying yes to Kuroneko was not some dumb ploy to piss of his sister, however I will admit the whole plot pissed me off when he uttered "When is it ok for me to touch her breasts", I mean fucking seriously... Am I the only guy on this planet who doesn't think about sex first...

Now I will admit, he is a hypocritical asshat, however with females and males it is different, which in itself if hypocrisy. What he did there was not say "Kirino can't have boyfriend" all he said was "IF YOU WANT A BOYFRIEND HE HAS TO LOVE YOU MORE THAN I DO", However later he did say he would cry if she was taken away by some other guy, but that was said, in my beliefs, as a brother and not as anything more (at that point).

Now I do feel bad for Kirino, but I feel happy for Kuroneko and I feel you just overlooked this progression, Kuroneko a girl from a hard life with no friends and a passion that opens up her shell and turns into a beautiful butterfly that is able to soar high and enjoy life with friends and has now taken a lover. You omit all of this as, bullshit revenge, and I personally find the way your putting this repulsive.

You should quit watching this now, reevaluate what you like about anime, and then make an informed decision before restarting. This series is above your current level, just like you don't fight a level 69 at level 21 in any game.

//rant

Now onto to something else, who here is waiting episodes 4 rival to make a return appearance in some fun way? I honestly am expecting it next episode or one after and we get to see a cute jealousy scene with Kuroneko and the "Lolicon+Siscon Brother" :). ?

Well shit. I never really thought all that through I just finished the episode and freaked out.

Just by the title of the anime really got me to think of the Siscon relationship in the future, but now all of what you said makes a lot of sense (except that last paragraph haha)

I have a new opinion about the series now and I'm gonna think things through after each episode. And it is possible to take on a level 69 with a level 21 it just takes a lot of thought and strategy which is what I'm gonna be doing now. ?

topsykrett2306 - May 26, 2013, 4:48 pm

I've had to re-watch episodes 6-8 because I've been really unsettled on this.

Spoiler ([Click to View](#)) I can't really make up my mind on what I'm hoping for moving forward.

The way it seems to be going now, I almost want to foresee some type of development where it turns out that Kyousuke and Kirino aren't actually related and they end up together. I mean it would make some sense since Kirino seems different from Kyousuke and her family in general (mainly in appearance); except for the scene when they were children, Kirino has a similar hair color to the mother's. So I guess it could play out into something like that.. and maybe this is could be why their father is also so fond of her?

Anyway.. I like Kuroneko, but I feel like the relationship really wasn't meant to last from the start, so I haven't embraced it too much. She also seems to have a very clear insight on things between Kyou and Kirino. I'm interested how that will continue.

I also wonder how things will develop further with Manami, how Ayase will play a role, etc, etc. At first I was hoping Kyou and Manami would end up together.. but now I think I just feel bad for her more than anything because of how dense Kyou is. I'm not entirely sure what to think about Ayase either, other than that she might have some feels for Kirino. She is still one of my favorites for sure.

Overall, I'm undecided on what I want to hope for. But I think deep down I really like Kirino and I'm not sure why. Oh well, it is what it is.

I agree, their relationship did get better, however they still consider each other as siblings and probably won't pass over this barrier.

The anime is about Kyouzuke being a siscon, not incest.

Massive spoiler about my opinion on Kyouzuke and these "relationships"

Spoiler [\(Click to View\)](#)

Could you explain why you would want him to be with Kirino though? Because that is what the anime lead to? Or do you actually have a proper reason, rather than you finding them cute together?

IMO he doesn't fit with her, they don't really lead up to that kind of relationship and it's very clear actually. To me their relationship doesn't look special of any kind nor different from any other sibling relationship.

Ayase and him doesn't really suit with him either, they basically only know each other because Kirino is her friend. It's like they only speak together when it's something about Kirino.

Kuroneko is probably the best choice for Kyouzuke, because they go to the same club and when Kirino left for USA they spent a lot of time together and they also spent some time together before that.

Kyouzuke and Saori doesn't seem very possible to me, because they act more like friends only and

at no time really more than that.

Manami, I thought that in the start of season 1, but as time went on then it just seem like they'd stay friends forever. Kyouzuke already mentioned he wouldn't want to go out with her and that she seem like "grandma" to him Imfao.

Well that is my opinion.

Then what's the whole point of the show being called, "My Little Sister Can't be This Cute?" And honestly it's a logical jump too. Kirino plays Eroge where there's a little sister complex as a big brother and she turned Kyouzuke onto them too. It's like throughout the whole show she's been hinting she loves Kyouzuke. Kuroneko also doesn't fit him in my opinion, because Spoiler [\(Click to View\)](#) during those episodes it seemed as if they were only hanging out as friends. She would, because she is also one of Kirino's best friend and I don't think she want to risk their friendship, nor the friendship between them as well. Also while the name suggest it then it never really fits with it either.

Anyhow, that costume is the best. I looked up what you said and I see what you're saying. There is definitely some similarity there.. good find xD

Oh gotcha. I just pointed that out incase you didn't see my post and happened to be posting about your similar love of the Ayase suit. Thought it was a coincidence but I guess I thought wrong.

Anyhow, more of my favorite Ayase moments of this episode for anyone who cares..

Have you checked out the hentai doujin I recommended, for a lover of ayase you would like it. ?

Yes.

Yes I agree it increased my waifu progress for her (yes I have a whole process for when a character gets to waifu status).

Although I know the ending I will not spoil. Anticipating how all the things I'm watching will play out Saturday/Sunday. In fact, I'm even more eager for the last three episodes, 13-16. Especially if they all are being released the same time.

You have a whole waifu process? Do you have like charts and stuff to keep track of each candidate??

I know the ending too unfortunately. I accidentally stumbled on a spoiler thread right as the LN ended. I actually wanted to wait this one out and not spoil it but oh well. Are they for sure releasing them at the same time? I've read that a few other places but haven't found confirmation

Spoiler ([Click to View](#)) Also, I think the ending is pretty bold. It will be interesting to see how people (other than the LN readers) react. I'm pretty curious too as to how they exactly portray it in the show

I'm pretty curious too as to how they exactly portray it in the show It's just based on a few things, like Cuteness(or attractiveness), Personality type, and how she acts. Each must reach a certain level or set requirement to become my waifu.

My waifus in order:

1. Reserved
2. Shiina Mashiro
3. Gasai Yuno
4. Yoko Littner
5. Rikka Takanashi
6. Inaba Himeko

I have spot 1 reserved for the girl I like because that's important.

Spoiler ([Click to View](#)) I also think the ending is bold but it's expected out of it. I mean the whole show pretty much revolves around them playing Little Sister complex eroge. But if it somehow takes another route in the show that'd be good. Maybe it would be more dramatic than in the original.

Ahh I see your system.. makes sense. Some good choices there.

Spoiler ([Click to View](#)) I don't know if this may be obvious or whatever.. but I'm going to guess that maybe they'll do some sort of ending like they did in the first season. I'm thinking they'll have one ending for the series and then a "True Route" that will reflect the ending of the LN. Just a guess though, I haven't read anything about that

Also, check out what I found..

They're keeping up with the light novels, & it's already close to an end. Unless if he's is talking about the OVA episodes ?

For everyone following Orelmo 2 and wondering if Crunchyroll will stream the OVA episodes that follow the TV broadcast and be included on the home video release, your wish has been granted. Crunchyroll will be streaming the 3 OVA episodes starting on August 17th at 9pm PST, simultaneously with the Japanese streaming campaign with help from Aniplex USA.

The 3 OVA episodes will be limited to a 2-week engagement from the 17th to 31st, with Premium members being able to view all three episodes immediately on the 17th, while free users will be able to view the episodes one week afterwards. In addition, from the 17th to the 31st, Orelmo 2 will be open to view for all users except for the following countries: Japan, Korea, China, Taiwan, Thailand, Singapore, France, Switzerland, Belgium, Algeria, Monaco, and Tunisia.
