[NEW WORKING METHOD HERE](#)

[img]http://i.minus.com/ibm4OAQ4v0zRig.png[/img]

- For 6 pages, not much information was added. I like how the author got straight to the point on what to do and did not include his personal life which probably he sucks penis for money. (Possibly why he did not tell it in the ebook :D )

On Topic: This was informative and he tells you what to do on how to do this ebook. I will be trying this out as I need new underwear and shoes etc. I read it in and out its not a form of "Social Engineering" or other form of "Fraud"

GRADE: A+

[img]http://i.minus.com/ibofP2DjtezE7z.png[/img]

- There were multiple errors in grammar, just punctuation based errors. He needs to add periods and some commas etc. Other than that this ebook is readable. I just hope the author does not write his own kids book or the kids will gain hillbilly talk. (No offense to Southerners)

By how fast I read this ebook the grammar was not even a issue but still some Grammar Nazis like perfection.

GRADE: C

[img]http://i.minus.com/iVplkbTqL0BU3.png[/img]

- I have seen many methods talking about how to get "free" stuff. Most likely it a form of lying an social engineering. This method stands out because doing this method it seems like you wont have to worry about getting caught. Which is relief because you can get free clothes now with out the worries about "Big Daddy Bubba" in prison ripping up your anal cavity.

GRADE: A+

[img]http://i.minus.com/iB5sLJtkOgxnJ.png[/img]

- Indeed, this is a HQ method. Who don't like free stuff? Ontop of that its not breaking the law? This is good for giving gifts or just expanding your corny wardrobe. This deserves a good grade :)

GRADE: A+

[img]http://i.minus.com/ibzJ3CV0r62lLd.png[/img]

- I am going to take the author captive and make him get me free clothes. This method is great, easy, does not waste your time. Gets it done and apparently legal. IF you want easy and free clothes come buy this and read it. You wont regret it.

Good luck Seller and Buyer! -Pen

Well, I'll give it a pure 5/5 because I love shopping online and this made my day for sure!  
Using this you can get tons of stuff with little effort and some patience!

Grammar: 3/5

I don't know why, but I felt like he was in a rush while he was writing this! :P  
Short and strict sentences! Everything is readable though and you won't have problems understanding.

Originality: 5/5

Personally, I've never seen/though this method before. It's pretty smart and requires no skills at all!  
That makes it pretty original for me.

Price Value: 5/5

You have the chance to spend less than 6.5 bucks and get awesome stuff!  
Clothing, accessories and much more. The price could be even considered low to be honest.

Overall: 5/5

Method seems pretty original, requires no skills at all, but some patience.  
However, there are still many possibilities getting goods.  
Last but not least, OP is a really nice guy. :)

Vouch for sure! Don't hesitate buying!

What about nike shop adidas shop supra shop .. etc ? :p

**Tea and Crumpets** - April 9, 2013, 5:41 am

As far as I know, it works for outlet clothing only. A very good English one is asos.com.

Intact that site is wrong. That is my bad.

Just bought the ebook, legit! I am gonna read it now!

Just read it, have tried the method out a bit, it is an interesting method, but I don't know how you are actually getting anything using this method OP, seems like it wouldn't work, I have tried on plndr and fab and haven't had any luck yet, usually I would be a bit more patient but I don't have a good feeling about this method. Not trying to sales trash though.

**dorenz** - April 11, 2013, 4:58 pm

it takes a bit man. You clearly won't see result in the first hour

I'd like to buy this method, but a few questions first.

Which of the following does it work on?

Gucci, American Eagle, Levi, Nike, Adidas, Calvin Klein, Ralph Lauren, Tommy Hilfiger.  
Please make a list.

Does it require any initial balance?

Do I have to go and pick up the items, or will they be delivered to me online via shipping?

Thanks.

Honestly, I'm very interested in purchasing this eBook. I'm really unsure though. It seems like a legit method but I'm just not sure if it'll be worth my money.

I haven't actually seen any people post saying they got their stuff, or proof of their stuff they've received from this method alone.

If ANYONE has received any clothes or products from this method, please post a picture containing the item and your username written on a paper to prove that this is legit.
