Thread: [how to bypass survey sites?](#)

Thezazman69 - April 10, 2013, 8:38 pm

does anybody have a good method of bypassing fileice and other such file-hosting survey sites? even when i do the surveys it doesn't work and there are some files that seem to only be on these places.

Nope, You have to do the surveys to get to them

It's pretty hard to bypass a survey website, I'm not even sure if it's possible anymore. :4

You can't just bypass surveys but you can use VPN and change country.

You can get past some surveys, but not all. The big main survey sites you cant get past, try googling "how to get past survey with javascript"
