Thread: [\[Discussion\] Hentai Ouji to Warawanai Neko](#)

Origami~ - April 13, 2013, 12:18 pm

Hey! So the first episode of Hentai Ouji to Warawanai Neko is out, I'm downloading it right now.

I've created this thread to talk about it, if you want to say spoilers, use the tags for.

I was interested about this anime because of Black Hole, thank you, I hope it's a good one.

Eminent - April 13, 2013, 12:23 pm

Ohhh yes. This was actually one of the only shows that I had on my plan to watch list a couple months before the season started (and before the challenge). Downloading and watching now, I'll come back and post again

Tohka Yatogami - April 13, 2013, 12:29 pm

Is this actual hentai or just a regular anime?

Sorun - April 13, 2013, 12:30 pm

Hopefully I'll DL today it I can find a decent AP.

So basically its just another ecchi anime?

You bastard, I was supposed to make this thread T_T

Will discus when I get back home!

Mawawawawa! I am the Dark Flame Mastaaa. Perish, enveloped in the flames of darkness!

So I've watched the first episode, it was epic, I'm dying for the second.

(Apr 13, 2013 12:36 PM)CrimsonMelody Wrote: [\[CITE\]](#) So basically its just another ecchi anime? According to MAL, it's not even ecchi.

I just finished episode 1. It was different than I expected, not in the best way. The best thing for me was the main female protagonist, since she is totally moe. It'll be interesting to see how the show turns out ^.^

\$AM? - April 14, 2013, 2:16 pm

I am kinda sad since I already read the manga. I hope that they will change the events a bit and make the Anime longer. That's all.

Hentai? - April 14, 2013, 3:33 pm

Every time I see this title I think "OMG HENTAI!?" then its like "oh no.... its just that anime..." Cries in the corner

Nam Duong - April 14, 2013, 3:34 pm

Watched episode 1 today, I liked it a lot. Has a lot of laughs in it and I can't wait to see the new episode.

Anal Voyage. - April 14, 2013, 7:24 pm

I think it's pretty good, but it's not great.

At the moment, I feel like their way of carrying out the story line is kinda like TWGOK where it's gonna be encounter after encounter and no solid story line.

But that's just me, since I haven't read the manga or anything.

Programmargorp - April 14, 2013, 8:41 pm

The most important part of this series : Tsukiko is moe to the max.

As a side note, this is oreimo all over again, except much better.

@Black Hole, do you mind if I steal your waifu for my new sig? D:

Senior Sherlock - April 15, 2013, 9:59 am

God I love this manga and it turned out that the females were just as, if not more, cuter than ever. I don't usually read and watch a series, but this and Shin will be the exception to that rule. ?

Black Hole - April 15, 2013, 12:24 pm

One of the only anime where I actually let out a laugh.

Loved the manga since ch 1 and loving this so far as well. Been looking forward to this since I knew it was getting an adaptation.

TSUKIKO 4EVAA

And here I was thinking they couldn't make Tsukiko any cuter than in the manga. I WAS WRONG....OH SO WRONG... Need episode three now please.

Spoiler ([Click to View](#))In the 2nd episode, anyone wonder they didn't just chase after Azuki during the arcade scene and just tell her what happened? My heart broke when she started to cry :'(

Especially when he can't read the mood half the time.

They always come out on Saturday, so episode 9 is out today, that is, if you don't mind streaming it. The video is available at goodanime.net for free, just search up hentai ouji to warawanai neko on their search bar and all the episodes should pop right up.
