Yeah I personally have a TD Bank account, but you can Interac money to any bank account with any company.

RBC/Cibc/TD, any bank in Canada.

Yes pretty much. Interac has a \$1.50 fee.

So if you want me to give you \$100. You have to give me \$100 LR + \$1.50 LR for the Interac fee I have to pay..

I understand if the money is risky, I don't know anything about this interac stuff because they don't have it in the USA, so I am not sure if I gave enough info, this is what the page looks like:

<https://gyazo.com/a4d4aaeb45664bb1dfa5f36afe3a7af6>

above that it says pay \$20 CAD to the ewhoring email, and a reference number. Is that still risky? I

feel like a dumbass because I don't know anything about interac, but I just wanted to make sure I clarified enough before just tossing the code.
