Thread: [\[ZAT V5\]\[More Options\]Zoqu's Autotyper V5\[More Options\]\[ZAT V5\]](#)

Zoqu - April 15, 2013, 4:39 pm

Hey guys! Coded V5 today! Added a even faster option let all your enemies beware! Might want to be careful it is extremely fast now.

Super Fast option was at 10 interval and now Extremely Fast is at 1!

Interesting how you and swagdapk aren't in any way related to each other and yet you post spammers with the exact same GUI's and 'vouch' for eachothers 'OG' spammers. Interesting.

@Zoqu

Does this Include {ENTER} Sendkey?

If not please Add Good program BTW.

Timer1.Interval = TextBox1.Text

It's really that easy. Enjoy.

Good one. Also give me a code for some music. Thanks.

Pops - April 16, 2013, 9:22 pm

Why the bloody hell do you want to add music into a freakin spammer?
