Also if you have unlimited codes you should do deals with the 240/400 codes like \$35 for a accumulated 4000. :)

Will probably buy a 800 code when I get money.

Visualize - April 17, 2013, 10:15 pm

There is no bail yet, OP last logged in this morning. Deal with caution until these cases are resolved, but we will see whenever he gets back online.

I had this happen to me before, seller was legit, but then bailed. Hopefully OP can resolve everything and keep selling.

Good luck everyone, and GLWS OP

That's kind of stupid due to the fact you can give them a used code and they won't even know...It's

more stupid of them to not abide by your TOS and use TV.
