Thread: [Extension Spoofer \[Free\] \[Clean\]](#)

WaffleMH - April 17, 2013, 2:42 pm

This Was Not Made By Me!

Please PM Me For The Download Link! :) If a user would like to check this file and post some results please tell me in the PM ! :)

Credits To DarkCoder for this!

I see lots of people asking for this and I decided to give out the one I use. I got this from DarkComet so here you go...

For some reason Avast picks it up but I know there is no virus, I have been using it. Maybe someone can confirm this for me?

Virus Scans:

Quote:Antivir: Nothing found

ArcaVir: Nothing found

AVG: Nothing found

BitDefender: Nothing found

VirusBlokAda32: Nothing found

VirusBuster: Nothing found

Thanks for this, alot of people here act like they don't know there is an extension spoofer that comes WITH the DarkComet file.

WaffleMH - April 17, 2013, 3:44 pm

Yeah I know, :P Haha no problem :) !!!
