Thread: [Selling Email From Vouched Sythe Account!](#)

Visca Barca - April 17, 2013, 3:38 pm

Hey guys ok so I'm selling the email associated with a highly trusted sythe account.

It was my old account from 2009-2010, I lost the email/password on the account with which I can recover the password, But I still have access to the email on the signature and on the profile (MSN)

The account is:

- Guru
- 1,800 Posts
- 130+ Vouches

I completed an official Middleman app but I quit sythe at the time so I didn't get accepted.

Im taking offers for this so pm me or post any offers.

Cheers ?

I'll give you \$3 for this account thanks man.

Denver. - April 17, 2013, 3:50 pm

So you're basically selling a chance to scam.

Trading on sythe can be very hard especially for newcommers, you will get scammed many times before building a reputation, with this account you dont have to go first to anyone.

If scamming is what you would do with this account then that is entirely up yo you.

Still taking offers for the account.
