HF Giveaway, bought to you by Respawn

Respawn is a group comprised of gamers, which gave me the idea to purchase over 500 steam accounts in bulk, just to give them to the community!

As a Respawn member, I strive to help keep the gaming community alive and bringing them tighter together, thus giving those without money a chance to play some games they've possibly never played!

Rules and ToS One account per l33t, two accounts per ub3r

PM me for your account, posting prior to receiving your account will leave you waiting for a while!

If your account(s) do not work, please PM me with solid proof!

Please respect generosity!
