Thread: [?MAKE A LOT OF MONEY!! Join my program and make BANK!\[\\$3000+ a month\]?](#)

Napzter - April 20, 2013, 7:49 am

Are you sick of all these fake money making guides that will guarantee 5000 dollars a week and you end up earning 5 cents a month?

I was too, so I decided to stop listening to these ebooks sold on HF and make my own ways.

Today, I have succeeded that. I'm making steady 40 to 100 dollars a day autopilot and I am coming up with new methods all the time.

I want to offer you a service, completely free and no hidden fees what so ever.

It's a simple program. I provide you with all the information you need in order to start.

When I send you referral links, you sign up as MY ref, this is how I can keep this service free.

I accept infinity members to join me, and you'll make as much as me after a while of doing this.

Most these methods are autopilot or semi autopilot.

Benefits of joining my program: You get to know nonpublic money making methods before anyone else, it's free and really simple, even a braindead chimp can follow my guides.

Rules:

?No leeching or method spreading what so ever, this is all secret and if leaked, our income can and will be damaged.

?You need to be interested and engaged in what I will teach you, no slackers allowed, if you slack and do not listen, I will remove you from this and permanently ban you from rejoining.

?Follow what I say EXACTLY. You can however come with improvements and ideas.

?Join as my REFERRAL on the sites I will provide you.

?Always listen and read carefully!

?NO QUITTERS!

?Most important! BE PATIENT! If you're looking to a way to make 5 bucks quick please leave this thread NOW. The methods will take some time to kick in, but when it does, you'll make great cash!

?You can choose to invest and make everything a bit quicker, or choose to wait a little bit extra, but then everything's for free!

I'm accepting people at the moment! ?

Let's earn some cash! ?

"Are you sick of all these fake money making guides that will guarantee XXX" thats how all scam stuff starts off...lol also if you had the money you would probably buy l33t/uber ?

Lucidity - April 20, 2013, 9:29 pm

I'm interested and willing to give your methods a try, let me know.

Because I just had an argument with one of the mods and I got muted for a week.
