Yes I agree, people aged 40+ imo seem easier to e-whore. Anyway thank you for the nice feedback!

No problem! Keep me updated as to how you are getting on, and how much you are earning! ?

Respect 4 life.

And you should remove the method in couple of days because it will get leaked to other forums and soon everybody will do this.

If you don't want to remove this then I want your approval to write a e-book about this. (Of course after I try it out)

Hmm I don't know, do you really think that I should remove it? I am unsure.

Prof. Farnsworth - April 21, 2013, 8:54 am

I am not sure, you could do something like: PM me to get it, Rep- won't get it.

Something like that, because I don't want this to get saturated quickly. I think nobody wants.

I will think about it.. Maybe in a while though.

A\$VP - April 21, 2013, 9:01 am

Sounds like a good method bro, it is really nice of you to release your method, but REALLY think about this, I would delete the thread soon, this is already getting saturated I can tell, I know you probably want rep or respect for releasing this, but it is just gonna get the method saturated, I would delete it while you can, thanks for sharing.

Tugapintos - April 21, 2013, 9:01 am

Thanks for this!

And yes, i agree with them. If this gets saturated it will lose the purpose, in my opinion you should delete this tonight or something like that so it stays only in this forum and with its members

The Black Knight - April 21, 2013, 9:01 am

Thanks for this method man, I will try this out when I get home, Thanks again.

Ok. Thank you for your input. I will leave it up for a while longer then I wil change it and give requirements to get the method.

Prof. Farnsworth - April 21, 2013, 9:04 am

At least I am not the only one that thinks about this :). I am going to try it out now :D. Thanks again for sharing. :)?

Hazy - April 21, 2013, 9:04 am

Something like that, because I don't want this to get saturated quickly. I think nobody wants. But then it is unfair if I got -3 neg rep because I corrected a person's mistake... ? he was mad lmao?

Ok, I have done it. Do you think those requirements are high enough?

Duja - April 21, 2013, 9:11 am

Damn I was just in time to get this method! I like the method thank you very much! Just one question, Can I ask them to send money to Amazon? Would that make it look too suspicious?

Culprit Walrus - April 21, 2013, 9:15 am

Hey man !

May I get this method, please ? Thanks !

EDIT : Seems I'm late... If I were here just 10 minutes ago, I would have got it directly :D

Yes, they seem fine, enough to get people being able to obtain a method and prevent it from being saturated

Don't bother then. You don't have to download it, or get the guide. I don't want leachers.

The amount of people that I message giving them the guide, and nobody has messaged me to say thanks. Just shows how much people appreciate it. I am no longer giving out the guide unless I deem you to be very HQ. There are too many people asking for it and not even being thankful.
