Ever wondered about how Facebook grown so big?  
Or Angry Birds? And what about twitter?

Let's look at the facts; YOU make THEM rich. By telling your friends! And if they like it, they will tell their friends, and this will keep on going. A free form of marketing, which is by far more effective then any other marketing, because you'd trust your friends.

And now, you can be a part of all of this. I get to invite 5 of my friends, and these 5 friends get to invite 5 friends, and so forth. You will earn from creating your ripple!

I have a couple of invites left. I'm inviting some Real-Life friends, but also some HF members. If you're excited already and wish to be a part of it, shoot me a PM With your front and last name ( This can be fake as you can change it later on ) and your e-mail adress. Your email adress has to be valid though.

Be fast! I only have the total amount of 5 invites, and these are valid for just 24 hours! If you get invited, make sure to invite 5 of your friends, as your invites are valid for 24 hours, too! Make sure your friends know what to do, tell them to invite 5 of their friends right away.
