ShareBay.net is the innovative website in the sparing industry which uses content lockers.

Contrasting to other websites of this type, ShareBay allows to share:

Files ([example](#))

Videos ([example](#)):uploaded by yourself

embedded from YouTube, DailyMotion and Vimeo

Photo galleries ([example](#))

Articles ([example](#))

Links ([example](#))

...what gives us enormous earning opportunities!

Trying out the site once. Can you guys pay through Webmoney?

Just a suggestion, increase offer font size a bit.

BTW, send me your skype. I want to discuss something.

BTW, can I get permanent publisher premium account? I am making \$40+ daily and might switch over all my niche on your site if you accept my offer.
