Like the title says, i'm looking for some of those HF Social Shops.
I'm looking for a shop that sells:

Facebook Subscribers
Facebook Likes
Twitter Re-Tweets
Twitter Followers
YouTube Views
YouTube Likes

I sound like the perfect guy for you! I own <http://Views.PW>, and I offer most of those things. They are guaranteed to be the cheapest price for such high quality packages. If you want Facebook likes, you will have to PM me for a custom order though.

My views are of the highest retention, and can greatly boost your rankings. I've delivered nearly a million Twitter followers as well. If you have any questions, feel free to add me on Skype: CommunityHF.

I could get you youtube views, likes and subs.
I could also get you facebook likes.
That's all I got though, keep in mind these are real people.
Let me know if you're interested.
I could possibly get you twitter followers if I find my old bot and a HQ list of users.
