Everyone needs to watch this, one of the funniest shows I've ever watched. Every few episodes I'm in tears.

Synopsis

Three individuals (a Super Sentai otaku, a cosplay otaku, and a closet anime otaku) are chosen by a beautiful scientist to become the "Unofficial Sentai Akibaranger" and "protect Akihabara" from powerful villains that only exist in their delusions. However, the fight eventually gets literally real when their "enemies" begin to materialize in the real world.
