BaussHacker - April 25, 2013, 12:20 am

Do you think there will be a third season for Yuru Yuri? I really hope so :D

Anyone seen it? If you haven't, you should!! C:

I enjoyed both season 1 and season 2 :) My favorite character is Kyoko :3

Well seeing as Yuru Yuri is a Slice of Life anime, why not? :) I liked the first and second seasons as well, and got some merch while I was in Japan :D

I would also like to see a 3rd season, because I really liked the first two :3

Sadly, I don't think there is going to be one though.

Got great ratings so probably, but it needs more Mari.

I haven't even finished the first season because it's so much to take in and trying to handle all the cute Yuri moments.

KinGxKeV - April 25, 2013, 3:30 pm

I would honestly love a 3rd season. I honestly hope they do.

Im sorry for telling this, but the Lightnovels arent enough for a full new season, but right now they are making a OVA named: "YuruYuri Nachuyachumi!"
