Thread: [Xcel Crypter vs. Chronic Crypter for RATs \[Finished - I got Xcel Crypter\]](#)

**crazycents** - May 4, 2013, 11:21 am

I got Xcel crypter. Thank you to everyone who gave me their input. It was greatly appreciated.

Hello,

Which crypter do you think would be better for RATting? Chronic Crypter or Xcel. I've heard great things about both crypters, more about Chronic. However, it seems like Chronic is having some issues lately. The price and reviews seem appealing on both of these crypters. I am obviously new to RATs, and I am looking for something that can get the job done.

Thanks!

**proTWiiZ** - May 4, 2013, 11:22 am

I have Xcel right now, i would reccomend Chronic Crypter. :p

**Flop** - May 4, 2013, 2:07 pm

I'm currently using razor crypter and chronic crypter.

Lately chronic has been very UD (Up to 7/34). It hasn't been even FUD once, since i bought it. Which is like a week or so.

However, it got great support. And is very good for 20 USD for lifetime.

You should also consider Razor crypter.

It costs the same as chronic, and are 1/34 nearly everytime.

It got a OKAY support.

Haven't heard bout Xcel, other than it isn't so good.

But it's very cheap, tho.

May i please know your budget?

Kind regards,

ReZaptor.

These 2 are unknown for me. I would rather choose a crypter that has been on the market for a few years over these new and unstable projects.

[Sheikh Crypter](#) has been there for over 3 years, still getting updated, and simply 0/35 for me using CG and DC.

Xcel crypter is coded in AutoIT and is being ReFUD often.

**Precisio?** - May 5, 2013, 12:33 am

I recommend you Xcel crypter. Because of small customers in comparison to chronic, so FUD time is good (2 weeks!).

NOT FUD ?

Are you kidding me ?

Chronic Crypter is everytime FUD you just have to fill the option right in ;)

I am using Chronic Crypter for over one year now and I love it.

I am using Chronic Crypter for over one year now and I love it.

It's been down to 2-3/34, but never FUD (Atleast not to me).

I've been using HQ icon, good assembly and startup.

Please tell me how you fill in your options.

Kind regards,

ReZaptor.

chronic all the way i vouch for it big time.

**proTWiiZ** - June 12, 2013, 8:26 pm

I have both crypters now, even though you said you already went with Xcel, it's better than chronic.

**janeann** - November 10, 2014, 2:07 am

I think you should try Chronic Crypter.

It is good.

Thanks

Where can I get chronic?

**jamesmerke** - March 2, 2019, 10:32 pm

please how can i get your a crypter for crypting my nancore rat

**PusherClear** - May 3, 2019, 1:28 am

chornic is better but it depends on ur choice

Chronic is dead. I get a error.

**Ramboll** - May 8, 2019, 1:57 pm

dude , how to be retarded like that ....
