I like the deface. It looks pretty cool.

Anyways, nice job, I guess.

Next time encrypt your deface if you down want it too be ripped and changed.

Here I wen't and did that for you

<http://pastebin.com/raw.php?i=9x5RjR6r>

If you want to make it so no one can even rip this code I can code in the javascript too do so as

well.
