Episodes - 10 + 1

Episode Length - 23 minutes

Airing Date - Jan 12, 2013 to Mar 16, 2013

Plot

Izayoi Sakamaki, Asuka Kudou, and You Kasugabe have tremendous psychic powers and are bored with the regular world. An envelope arrives for each person, and when each opens their envelope, they are stunned to see the scenery around them change to a world they had never encountered before. They've been summoned by the Black Rabbit to help the community "No Name" to overthrow the Devil King.

Characters

Kurousagi "Black Rabbit" - A rabbit-eared girl who resides in Little Garden and is the one who summoned the problem children. She often tries to be serious but easily gets flustered. When using her power, her blue hair turns pink as she gains increased power.

You Kasukabe - A good-natured, quiet young girl who has the ability to speak to animals and use the abilities of any animal she's able to befriend. She is often accompanied by a calico cat. Her gift is called "Genome Arbor - Non Priorum". She came to Little Garden mostly due wanting more friends. In addition, she only gets angry when her friends are threatened, and is a big eater despite her appearance.

Asuka Kudou - A rich young lady who has the ability, her Gift "Authority", to command others with her words. It also has the ability to control other gifts and strengthen its power.

Izayoi Sakamaki - Izayoi is a young boy with strong psychic powers (Esper), maybe for that reason he is always bored since there is no one who can challenge him, until he is summoned to another world, the world of Little Garden.

My Opinion

I thought this was a wonderful series. The animation was simply beautiful and I love the newer look of animation so I was not disappointed with this. I personally would have loved more episodes just because there isn't a lot of in depth story to go with the all the action that is in this. I do like that it is action packed and for the most part it is exciting. It is also pretty funny, the characters have a way of being completely silly and unpredictably funny. I like it.

My Rating - 8/10

Spoiler ([Click to View](#)) While there is a lot of positives, there are the negatives of the completely OP main characters. I don't really like when the character can win every single fight and situation he is

put in and that can be said for all three of the characters for the most part. Also, the story was a little short but hey, it was only 10 episodes.

I spoiled because I do believe this can give away a small bit of the actual story in a way...

Wow this looks like an awesome anime. I guess I have to watch this one too. :D And it's great that it only has 10 episodes haha (I guess if they really win every fight, it'd get bored a lot over 20-30 episodes..)
